

Thursday 10th February

Our British Value focus:

Go through powerpoint...

“Being online is all fun and games!”

Agree or disagree?

Annotate what safer internet means to you!

Watch the clip for 7-11 year olds ...

Love to Read

Read Chapter 1 and 2...

Comprehension Questions

Why did Katanna scoop the gems into her sack without looking?

A vengeful flame flickered alight in Katka's chest. She did want to see the Gutvine stronghold. She wanted to gloat.

Copy a word from this extract that shows Katka was taking great delight in what she was seeing.

The smug glint in his brown eyes made Katka feel like the glory of last night was leaking out through her toes.

How is Katka feeling here? Use evidence from the extract to support your answer.

Write your own prediction question.

What do you think will happen to...?

How would you have handled...?

Predict what would happen if...?

Comprehension Questions

Retrieve

Why did Katanna scoop the gems back into her sack?

Vocabulary

A vengeful flame flickered alight in Katka's chest. She wanted to gloat.

Find and copy a word from this extract that shows Katka was taking great delight in what she was seeing.

Inference

The smug glint in his brown eyes made Katka feel like the glory of last night was leaking out through her toes.

How is Katka feeling here? Use evidence from the extract to support your answer.

Literary

The theme of *priorities* has run through Chapter 1. Identify a part of this chapter that shows *priorities*.

Predict

Write your own prediction question.

English

Awesome Avatars

An avatar is an icon or figure representing a particular person in a video game or on the Internet.

In Raider's Peril, players create avatars that reflect their personality and their taste in style. They don't have to be human – your avatar could be from a fantasy race of people, such as elves, dwarves, trolls... the choice is yours!

Design an avatar for children younger than yourself to help them stay safe on the internet.
Annotate with these key details...

Be SMART when using the Internet

Remember to use SMART rules when using the Internet on any device:

- S** **Safe:** You wouldn't give a stranger on the street personal information, so don't do it online. Stay safe by not posting or sharing information (name, address, password etc.).
- M** **Meeting:** It is dangerous to meet someone that you have talked to online but never met. Never go without telling someone and always ask permission from parents or carers - they need to come with you!
- A** **Accepting:** There are loads of ways to download information on the Internet. Accepting emails, internet messages, text or pictures from a source you don't know (a person or company etc.) may contain viruses or inappropriate information!
- R** **Reliability:** Just because it is on the Internet does not mean it is true. Anyone can add or edit information on the Internet, or even lie about who they are! Try to stick to websites you trust for information and only chat to friends and family.
- T** **Tell:** If anything happens that leaves you feeling worried or uncomfortable when using the Internet, you need to tell someone. The best people to talk to are trusted adults - parents, carers, teachers etc.

Remember, talking to someone for a long time online still does not mean you really know them!
Always tell an adult if you are getting cyberbullied.
