Easter Experience with Reverend Tom

Today, we had Reverend Tom come in and do a workshop with us about the Easter story. We learnt that Easter is about Jesus, who was very kind and loved everyone. He died on a Friday, which we call Good Friday. But on Sunday, something amazing happened! Jesus came back to life. His friends found his tomb empty and were so happy to see him again. Easter shows us that love and hope are stronger than anything, even death.

We got to act out parts of the story as Reverend Tom told them to us and then made a mini garden with our own wooden cross and rock tomb to represent his crucifixion and resurrection.

New Road Academy Visit

Year 5 and the Year 6 pupils who will be attending New Road Academy in September had a fantastic visit from staff and pupils from this school on Tuesday afternoon. They listened to performances from some year 9 students and learnt all about the opportunities with performing arts at New Road Academy. Thank you to Mrs Chappell and Mr Millington for coming, we really enjoyed your visit!

The Wrockwardine Wood CE Junior School "Living life in all its fullness" challenge.

This week's challenge is to:
Play pooh sticks!

We would love to see your photos please email them to: a3129@telford.gov.uk or DoJo to your class teacher.

Active Families!

Here is an idea for a quick, active and fun activity you could carry out with your family this weekend! We hope you enjoy!

Touch Down

What you need: two players, two markers and a ball

How to play:

- Place the two markers approx. 8 big steps apart.
- One person begins at one marker with the ball, other person begins in the middle.
- Person with the ball attempts to score by running and placing it on top of their opponent's marker.
- If their opponent tags the person with the ball, they have to start again at their marker.
- Have three attempts to score then switch roles.
- Make this harder by dribbling the ball with feet or hands.

What Parents & Carers Need to Know about

ROBLOX

Roblox is one of the most popular video games on the market. By 2020, the game's makers were claiming that more than half of children in the USA play it. As a 'sandbox' title, Roblox offers a huge amount of creative freedom: it lets players create their own gaming experiences with the Roblox Studio to build custom levels and games, which can then be shared with other players online. Roblox fosters creative thinking and enjoys a robust online community of fans.

WHAT ARE THE RISKS?

CONTACT WITH STRANGERS

Roblox encourages players to communicate online (including a group chat facility). This could expose children to risks such as scammers, online predators, harassment, griefers and more. The in-game chat has some filters, but isn't perfect: players can still send harmful messages to others – such as scam links or general hostility – while predators can reach out to children directly.

PUBLIC SERVERS

Roblox has private or VIP servers which allow people to play exclusively with their friends, but this costs money. Most Roblox players will instead be on public servers that anyone can join. Servers can host games which focus on all kinds of aspects, including direct player interaction. Some games and servers, therefore, will put children more at risk of contact from strangers than others.

ONLINE DATERS

These are also called 'ODers' and are quite common in Roblox. An ODER is an individual who joins a game with the intention of finding someone to date online – and eventually meet in person. Such online dating is against the Roblox community guidelines, but this usually doesn't deter ODERs. Some player-built Roblox game worlds have even been designed with online dating specifically in mind.

IN-APP PURCHASES

Roblox is actually free to download and play, but bear in mind that there are some hidden costs. Players are encouraged to make purchases in the game, for example, using real money. People can also buy extra Robux (the in-game currency) to spend on cosmetic items in the game, while it's possible to purchase a private or VIP server.

Advice for Parents & Carers

SET PARENTAL CONTROLS

Roblox comes with several parental control options, which are explained well on the game's official website. It's essential to enter the correct date of birth for your child, as that allows Roblox to automatically apply the appropriate chat filters. The game also allows parents and carers to set monthly spending restrictions and monitor their child's account.

DISABLE PRIVATE MESSAGING

Roblox's private messaging function raises the risk of children being contacted by people they may not want to speak with – potentially leading to bullying, harassment, toxicity and scam attempts. The game allows you to disable messages from anyone who hasn't been added as a friend on your child's account.

PRIVATE SERVERS

If your child has some genuine friends to play Roblox online with, paying for a private or VIP server decreases the risk of contact from strangers. Even then, however, some players could invite other people – who might not necessarily be child friendly – into the private server. If your child is a Roblox fan, it's important to talk with them regularly about who they are playing the game with.

MONITOR SPENDING

If they don't understand they're using real money, it's easy for children to accidentally spend a sizeable amount in the game. Using parental controls to place limits on their spending will help avoid any nasty financial surprises. Ensuring that you have two-factor authentication on your payment accounts also makes it harder for your child to spend money inadvertently.

DEALING WITH STRANGERS

At some point in their development, your child will need to learn how to deal with strangers online. Show them how to block and report any users who are upsetting them or asking uncomfortable questions. Talking to them about what's OK to discuss – and what they should never tell a stranger online – will help them understand how to communicate with other people online safely.
