Pupil premium strategy statement – St Matthew's CE (Aided) Primary School

Before completing this template, read the Education Endowment Foundation's guidance on <u>using your pupil premium funding effectively</u> and DfE's <u>using pupil premium guidance</u>, which includes the 'menu of approaches'. It is for school leaders to decide what activity to spend their pupil premium (and recovery premium) on, within the framework set out by the menu.

All schools that receive pupil premium (and recovery premium) are required to use this template to complete and publish a pupil premium statement on their school website by 31 December every academic year.

If you are starting a new pupil premium strategy plan, use this blank template. If you are continuing a strategy plan from last academic year, you may prefer to edit your existing statement, if that version was published using the template.

Before publishing your completed statement, delete the instructions (text in italics) in this template, and this text box.

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

Part A: Pupil premium strategy plan

Statement of intent

You may want to include information on:

- What are your ultimate objectives for your disadvantaged pupils?
- How does your current pupil premium strategy plan work towards achieving those objectives?
- What are the key principles of your strategy plan?

Our ultimate objective is that all pupil premium pupils, irrespective of their background make good progress and achieve in line with their respective non pupil premium peers by the time they leave Primary School.

Our focus is to ensure our strategy supports all disadvantaged pupils, including those with additional barriers to their learning, whether these be social, emotional, or academic. Linked with our Equality and Diversity targets, we aim to continue to narrow the gap between vulnerable groups of pupils and others in Reading, Writing and Mathematics.

We are also constantly reviewing the progress we are making with pupils, being acutely aware of our Equality and Diversity targets, with regards to the protected groups of pupils and those who share a protected characteristic and those who do not.

Quality first teaching is at the heart of everything we do at St. Matthew's, with a focus on areas in which greatest support is required, such as the lowest 10% of Readers, Speech, Language and Communication barriers, EAL and those children having additional support from a social worker, strengthening families / young carers etc. Baseline and termly assessments will support the robust scrutiny which regularly reviews the impact of daily targeted intervention and strategies in place to support PP pupils.

To ensure our intent is realised we will:

- Ensure disadvantaged pupils are continuously challenged to close gaps in their learning and attain successfully
- Target rigorously and carry out regular reviews to modify ineffective interventions
- Ensure consistency of approach across the whole school for all staff to be accountable for the outcomes of the disadvantaged children in their care and have the same the aspirations for all their pupils to achieve success

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

| Challenge | Detail of challenge |
|-----------|---|
| number | |
| 1. | Improve language and Communication skills and outcomes of pupil premium pupils from their start in EYFS. |
| 2. | Improve the acquisition and use of subject specific vocabulary in all subject areas for disadvantaged pupils. |
| 3. | Narrow the gap of pupil premium pupils in Reception achieving GLD |
| 4. | Narrow the attainment gap of pupil premium pupils across the school in Reading, Writing, Maths and SPaG. (All Year groups from Yr1 to Yr6) |
| 5. | Narrow the gap of pupil premium pupils in Year 1 achieving the national standard in the Phonics Screening |
| 6. | Increase the percentage of pupil premium pupils in achieving fluent recall of their multiplication tables. (<i>Target Yr4 - multiplication check</i>) |
| 7. | Increase parental engagement and support from home of pupil premium pupils |

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

| Intended outcome | Success criteria |
|---|---|
| Increase percentage of pupils achieving GLD | Increased percentage of PPG pupils will achieve GLD by the end of Reception. |
| Increase attainment in phonics | Increase the percentage of PPG pupils achieving the national standard in the Yr1 phonics screening. |
| Increase attainment and progress in Reading | Increased percentage of PPG pupils will achieve the National standard in reading by the end of KS2. |
| Increase attainment and progress in Writing | Increased percentage of PPG pupils will achieve the National standard in writing by the end of KS2. |
| Increase attainment and progress in Maths | Increased percentage of PPG pupils will achieve the National standard in maths by the end of KS2. |
| Increase attainment and progress in SPaG | Increased percentage of PPG pupils will achieve the National standard in SPaG by the end of KS2. |

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding this academic year to address the challenges listed above.

This arrangement enables the teaching to focus exclusively on a small number of learners, usually in a separate classroom or working area. Intensive tuition in small groups is often provided to support lower attaining learners or those who are falling behind, but it can also be used as a more general strategy to ensure effective progress, or to teach challenging topics or skills. Reception and Year 1 teaching assistant or other adult giving targeting blending and a pupil intensive individual support. It application of sound may happen outside of normal lessons knowledge, delivered as additional teaching by TAs and/or teachers. Evidence indicates that one to one tuition can be effective, providing approximately five additional months' progress on average. Analysis of RWInc group tracking data identified the lowest 20% of pupils (13). These pupils will receive 2x weekly one to one tutoring through the RWInc programme delivered by trained TAs. **EEF Teaching and Learning Toolkit – Small Group Tuition** Small group tuition is defined as one teacher, trained teaching assistant or tutor working with two to five pupils together in a group. Outline the performance of your disadvantaged pupils in the previous academic year and explain how it has been assessed. You should draw on:

- Data from the previous academic year's national assessments and qualifications, once published (including school attainment and progress measures)
- EBacc entry data for secondary schools
- Comparison to local and national averages (a note of caution can be added to signal that there are ongoing impacts of the COVID-19 pandemic, which affected schools, and pupils, differently) and outcomes achieved by your school's nondisadvantaged pupils
- Information from summative and formative assessments the school has undertaken.
- School data and observations used to assess wider issues impacting

disadvantaged pupils' performance, including attendance, behaviour and wellbeing

You should state whether you are on target to achieve the outcomes of your strategy (as outlined in the Intended Outcomes section above) and outline your analysis of what aspects of your strategy are/are not working well.

If last year marked the end of a previous pupil premium strategy plan, you should set out your assessment of how successfully the intended outcomes of that plan were met.
