

Geography 2026 – 2027 Priorities

Priority 1

Help pupils learn, remember and use key geography knowledge to make progress through regular pupil voice.

Priority 2

Make geography inclusive for all learners including those with SEND, EAL, disadvantaged backgrounds and protected characteristics.

Priority 3

Build pupils' resilience through perseverance, problem-solving and learning from challenges in geography.

Priority 4

Work with the Eco Squad to develop their role in leading initiatives that benefit the school and wider community.

Priority 5

Work towards achieving new Eco-Schools projects that positively impact the school and wider community.

Priority 6

Increase opportunities to explore real-world issues like sustainability, climate, communities and environmental change through assemblies, lessons and picture news.
